THE COLLEGE CALENDAR FOR 1930-1931

1930

- Sept 9, Tuesday, 8:00 a. m.—Registration of old students begins.
- Sept. 10, Wednesday, 8:10 a. m.—Opening chapel service.
- Sept. 10, Wednesday, 8:30 a. m.—Entrance examinations.
- Sept. 10, Wednesday, 8:30 a. m.—Photographing of all new students.
- Sept. 10, Wednesday, 8:30 a. m.—Registration of old students completed; registration of Freshmen.
- Sept. 11, Thursday—First meeting of classes.
- Sept. 13, Saturday, 2:30 p. m.—Faculty reception.
- Sept. 13, Saturday, 8:00 p. m.—Y. M. C. A. and Y. W. C. A. receptions.
- Nov. 27, Thursday—Thanksgiving Day.
- Dec. 12, Friday, 8:00 p. m.—Bates Prize oratorical contest.
- Dec. 18, Thursday, 3:00 p. m.—Christmas holidays begin.

1931

- Jan. 3, Saturday, 8:10 a. m.—Class work resumed. Friday classes recite.
- Jan. 5, Monday—Saturday classes recite.
- Jan. 17, Saturday—First semester examinations begin.
- Jan. 24, Saturday—First semester examinations end.
- Jan. 27, Tuesday, 8:10 a. m.—Second semester begins.
- Feb. 3, Tuesday, 8:10 a. m.—February meetings begin.

- May 27, Wednesday—Second semester examinations begin.
- May 30, Saturday, 3:00 p. m.—Annual exhibit of the Art department.
- May 30, Saturday, 8:00 p. m.—Graduation exercises of the Music Department.
- May 31, Sabbath, 10:30 a. m.—Baccalaureate sermon.
- May 31, Sabbath, 7:00 p. m.—Annual address to the Y. M. C. A. and Y. W. C. A.
- June 1, Monday, 8:00 p. m.—Graduation exercises of the Expression department.
- June 2, Tuesday, 3:00 p. m.—Annual exhibit of the Home Economics Department.
- June 2, Tuesday, 7:30 p. m.—Senior class play.
- June 3, Wednesday—Second semester examinations end.
- June 3, Wednesday, 3:30 p. m.—Senior Class-Day exercises.
- June 3, Wednesday, 6:30 p. m.—Annual meeting and banquet of the Alumni Association.
- June 4, Thursday, 8:30 a. m.—Meeting of the Directors.
- June 4, Thursday, 10:00 a. m.—Commencement.

DEDICATION

To Miss Clemmie J. Henry, who is a friend to all, both students and teachers, a sympathetic listener, a worthy and willing advisor, a high-minded Christian, an unselfish administrator, and a devoted companion, and wholly embodied with the Maryville spirit, the Y. M. C. A. and the Y. W. C. A. respectfully and gratefully dedicate this twenty-fifth volume of the Maryville Handbook.

MISS CLEMMIE J. HENRY
Student-Help Secretary

FOREWORD

The purpose of this handbook is not to advertise Maryville College. The ever-increasing number of young men and women who have left its halls for fields of meritorius and altruistic service have eulogized the college far more effectively than anything that might be said here. What then is our object in publishing this handbook? Briefly, it is to give a few practical and helpful suggestions to those who are about to enter college walls for the first time; to give to those who are just setting out on their bon voyage through Maryville the key with which they may open the doors of learning and experience that confront them; to aid them, in a small way, to catch the Spirit of Maryville in their very first days spent on College Hill which means a bigger and better manhood and womanhood.

New students, the four years you spend at Maryville will be busy years. The college "grind" affects everyone. But these years will pass quickly; too quickly, in fact. My advice to you then is that you strive for the BEST in those brief years that you may become a true Maryville man or woman.

It is with the hope that the information and suggestions contained in this little handbook will serve you well in adjusting you to your new environment and making your first years at Maryville worthwhile that we send you this copy of the Maryville Handbook.

THE EDITOR.

BOOK I

**THE
COLLEGE**

THE OFFER OF THE COLLEGE

To be at home in all lands and ages; to count nature a familiar acquaintance and art an intimate friend; to gain a standard for the appreciation of other men's work and the criticism of your own; to carry in your pocket the keys of the world's library and feel its resources behind you in whatever task you undertake; to make hosts of friends among the men of your own age who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and cooperate with others for common ends; to learn manners from students who are gentlemen and form character under professors who are Christians—this is the offer of the college for the best four years of your life.

"HAIL TO THEE, OUR ALMA MATER"

HISTORICAL SKETCH

Maryville has grown from a class of five students who gathered about Dr. Isaac Anderson in 1819, to the foremost college in Tennessee, having an enrollment last year of 786 students from 37 different states and countries. Its growth has been phenomenal and the romance of its growth from a little log cabin to a completely equipped, modern up to date college has been chronicled by Dr. Wilson in his "Century of Maryville College" which you may read in the library.

Grounds, comprising 275 acres of the most beautiful scenery in East Tennessee, on which rest 19 buildings; and an endowment of \$2,342,000 do not form a complete basis upon which to judge the college. Numbered among its alumni are men who have distinguished themselves in every type of unselfish service. Familiarize yourself with Maryville's entire history. You are a Maryvillian—a student in one of the finest colleges in the South.

LOCATION

Maryville College is located in Maryville, Blount County, Tennessee, and is in the midst of a thriving and progressive community. Maryville is sixteen miles south of Knoxville on the Knoxville and Augusta division of the Southern Railway, and on the paved highway, Route No. 33 leading from Knoxville to the South, and the new Smoky Mountain National Park. Maryville may be reached from Knoxville by Southern Railway trains twice daily, and by busses leaving the Knoxville Bus Terminal at State and Union Streets every forty-five minutes throughout the day.

BUILDINGS

The sixteen buildings on the Hill are conveniently located from any spot on the campus; and a description is given here so that you will be able to recognize just where you are when you arrive next September. Walk with me up the "Corduroy," the path leading from town to the Hill.

Directly in front of us is the gray frame building, Baldwin Hall, one of the girls' dormitories. To the right is the Voorhees Chapel, the dark red brick building in which the daily morning worship is conducted, and where all kinds of entertainments are held. Looking down Dodge Avenue from the Chapel is a large yellow brick building, Carnegie Hall, the men's dormitory; and across the street from Carnegie is Memorial Hall, a structure resembling Baldwin which is also a dormitory for women.

In front of the Chapel is Anderson Hall, a red brick building, one of the three oldest buildings on the Hill. Here are located the offices of President Lloyd where sympathetic, understanding counsel is given to all who need it; Miss Clemmie's office where you go to find out about self-help; the treasurer's office where you will pay your bills; and the registrar's office. The Art room is also located on the same floor as the administrative offices as is the printing room. The rest of the building is devoted to classrooms, and a small gymnasium for girls on third floor.

As we walk out of Anderson past the fountain, in front of us is the Book Store where desk and study equipment (except brains) can be

bought at reasonable prices. A branch of the United States Post Office is located in the Book Room. From here mail is delivered to the dormitories and offices. Mail should be addressed: College Station, Maryville, Tennessee; with the addition of the name of your dormitory and your room number. The Book Store supplies a loan library called the James R. Hills Library. In 1888 Miss Sarah B. Hills of New York contributed a fund for the establishment of a loan library to aid students in obtaining textbooks at a reasonable loan.

To the left of the Book Store, about half a square up the walk, is Pearsons Hall, the large red brick building with the white columns, another dormitory for women. Most upperclassmen room in Pearsons while Memorial and Baldwin accommodate the sophomores and freshmen. On the first floor of Pearsons is located the dining room where about six hundred of your classmates eat three times a day; and here's a hint: napkins are not provided so bring about half a dozen with your napkin holder.

Behind Pearsons Hall to the left is the Ralph Max Lamar Hospital. A free clinic is held two times a week and in cases of slight illnesses no charge is made for nursing. However, for an extended illness the patient pays \$7.00 for room, food and laundry per week.

On leaving Pearsons Hall we shall go to Thaw Hall, the newest and largest building on the Hill. Just before reaching Thaw glance to the left and you will see the Willard Memorial where President Wilson lives. This

memorial was built through a generous gift of Mrs. Jane F. Willard in memory of her husband.

In Thaw Hall is located the Lamar Memorial Library which contains over 30,000 books. The library is open twelve hours every day from Monday to Saturday. The museum is located in a room partitioned off the library to the left of the entrance. In this room are found collections of rare objects from Japan, Korea, and China; relics of the Indians who used to live in this region of Tennessee; antiquities from the Civil War; a model of our own college when it was known as "The Log College"; and many other interesting and valuable objects representative of the world around.

On the second floor are located the Dean's Office, classrooms, the Y. W. Auditorium and the Y. W. Reading Room. In the reading room are books of all types and magazines to suit every individual taste. The reading room is open throughout the day for the pleasure and the benefit of all girls who wish to take advantage of it.

We now leave Thaw and take a short cut over to Bartlett and the swimming pool, passing to the left of Fayerweather Science Hall in which are located the chemistry, physics, biology, zoology, and home economics laboratories and lecture rooms.

Bartlett Hall is one of the oldest Y. M. C. A. buildings in the South. It was completed in 1901, the brick being made by the students themselves under the leadership of Kin Takahashi, a Japanese student, at that time. In this building are contained the Y,

Auditorium, Y Store, parlors, a small gymnasium, and rooms for the officers of the Y.

The swimming pool is located in a separate building at the left of Bartlett, and the pool itself is twenty-five by seventy-five feet in dimensions. Behind Bartlett is the Alumni Gymnasium, one hundred and ten feet square, containing a maple floor and collapsible bleachers.

As we walk out past the swimming pool, and into the college woods we come to the "House in the Woods" where the college pastor and his wife, Dr. and Mrs. William P. Stevenson, live. It is a beautiful English style red brick house where all students are cordially welcome at all times.

This year the campus has been improved by the construction of paths and the purchasing of benches from a fund raised by the student body and faculty. The work on the paths was done by the men, who did the work free. We hope you will help keep the good work started this year.

Students:—

Be sure to remember when figuring the amount of cash you will need to see you thru college for the year, you should include the cost of the following:

Club Dues	Class Dues
\$4.00	for an Annual

These are necessities, not luxuries.

BOOK II

WELCOME

**SAMUEL TYNDALE WILSON,
M. A., D. D., LL. D.**

President Emeritus of Maryville College

DR. WILSON'S WELCOME AND FAREWELL

They tell me that this page must be filled immediately. Since my successor has not yet, at this writing accepted the presidency of the College, I take this opportunity, as one of the surviving charter members of the Maryville College Y. M. C. A. and as, by marriage, almost one of the charter members of the Y. W. C. A., and as an honorary member of both organizations for many college generations, to give you new students the right hand of fellowship as I welcome you into the goodly service of these worthy associations; and to wave you a loving farewell as I entrust to younger and abler hands the administration of the College that God has given us.

The one supreme mission and purpose of these Maryville associations should be to love and obey their Lord and Master Jesus Christ, and to endeavor to enthrone him in every heart on College hill. "To him be the glory both now and for ever, Amen."

SAMUEL TYNDALE WILSON,
President Emeritus.

PROF. GEORGE D. HOWELL,
Dean of Men

THE MACHINE SHOP

"Man without tools is nothing,—With tools he is all." This proverb of Thomas Carlyle in a certain sense should be the fundamental reason why you have chosen to come to college. The tools of life are physical, mental, and spiritual ones, and happy is he who makes those so near to perfection that they can stand the trials to which they are put in the toils, struggles, and temptations of life. Those tools may be abused; but so tempered ought they to be that they may be readily sharpened and put in shape.

College attempts to fit you with knowledge to make tools of the material you already possess and likewise how to use those tools. Consequently your college career is an apprenticeship, a recruit-training stage through which you pass where your physical, mental, and spiritual self is subjected to training and discipline. This helps to fashion and to temper the tools you make. Ofttimes the apprenticeship will irk and chafe you, and unless you have enthusiasm and interest and pride in your workmanship, you will become a knocker, a kicker, and a chronic pessimist.

The tools with which we each would work then must be serviceable. The aim of life is Service. And college is the lathe and machine shop in which the tools are fashioned, tempered and sharpened. In fact, "Service is one of the ways by which a tiny insect like one of us can get a purchase on the whole universe."

PROF. GEORGE D. HOWELL,

Dean of Men.

MISS MARY ELLEN CALDWELL,
Dean of Women

WELCOME STUDENTS!

Some one has said: "To live in hearts we leave behind is not to die."

Of course, you will still be living in the hearts of those you have left behind when you come to college. It will be your privilege when you get to college to gain entrance in the hearts of many new friends who will make your life fuller and richer. In making these new contacts the college will meet you more than half way—to give you a welcome to all it has to offer you.

The first greeting you receive will probably be from some member of the Christian Associations, the Y. M. C. A. and the Y. W. C. A. Next, the large family in the dormitory will give you a warm welcome in their circles. In these circles you will be privileged to form some of the most intimate and lasting friendships of your life, for no friendships are stronger or finer than those formed in the intimate relationships of dormitory life.

You will be permitted also to enjoy all benefits to be derived from legalized MOONSHINE—the kind that only Maryville manufactures.

Last, but not least, you will be ushered into the atmosphere of that intangible, but none the less real, something we call the Maryville Spirit. This atmosphere is kept pure and wholesome thru Love, Loyalty, and Unselfish Service to others. And if you should go through college without having imbibed this Maryville Spirit, you will have lost one of the finest things Maryville has to offer you. **YOU ARE WELCOME!**

MISS "MOLLY" CALDWELL,
Dean of Women.

WELCOME MEN!!!

Fellows:

It is with a great deal of pleasure that I address this letter to every Freshman and new man intending to matriculate at Maryville this year. I want to assure you that you have made a wise choice, and that you are coming among friends who are anxious to help you avail yourselves of the many opportunities which will be yours at Maryville. It is particularly in behalf of the Y. M. C. A. that I welcome you to our campus.

The "Y" extends to you the hand of fellowship and in so doing hopes that you will enter heartily and sincerely into the Organization and its work while here. It will go a long way toward making your college career a success. It will make your fellows in college respect you more. It will supply vital inspiration in times of need. It will broaden and deepen your concept of life. It will develop you in countless ways and make you a better college man.

We are going to do everything possible for you. If you desire help or information about anything, you will find a "Y" man ready and anxious to aid you. We want you to drop over to the Y. M. C. A. whenever you can and talk things over, because the officers and cabinet members desire to meet and become well acquainted with each one of you as soon as possible.

I am looking forward eagerly to the opening of college in a few days when I can greet you personally.

Sincerely yours,

"JESSE" JAMES,
President "Y."

WELCOME GIRLS!!!

Dearest New Girls:

I want to extend a hearty welcome to you all from the Y. W. C. A. Come on, let's fold our hands and wring them as we say, "Howdy." If you are lonesome come and see us and we'll drive away your blues; if you're happy, come see us and we'll give you an outlet for your energy; if we can help you in any way come see us and we'll be thrilled to death.

You'll be coming from the North, the South, the East, and the West and we're glad, for we like a big cosmopolitan group of girls. I think friendships count so much in one's college life that I hope each one of you will meet and learn at least seven hundred of the eight hundred students here on College Hill. One way to do this is to get right into the Y. W. at the beginning of the year and show your interest in others. We are already your friends and we want you to be ours.

Do you like to play tennis, pitch horseshoes, play a musical instrument, read, paint, sing, be in pageants, or even eat? If you do, Y. W. wants you and needs you.

I just can't wait to really see you all and start our big year together. If I don't find you right away after school opens, I want to invite you now to come see me in room 12, Pearsons Hall.

Cordially,

CAROL CUSHMAN,

Pres. of Y. W. C. A.

FROM THE COLLEGE PASTOR

I am grateful for the opportunity thus to welcome back to College Hill former students as well as to address a word of cordial greeting to those coming to us now for the first time. The purpose bringing both classes of students is the same, namely, self-improvement, growth, and preparedness for effective service in life. Maryville College is able to aid you in realizing your hopes, and is eager to do so. She has teachers and classes for the cultivation of your minds; she provides physical directors and athletic fields for the healthy exercise of your bodies; she supports a Y. M. C. A., a Y. W. C. A., and other religious organizations and services for the nurture and strengthening of your souls. No character is symmetrically developed that neglects any of these agencies for discipline and training, and all of them combined will be powerless to benefit you without your interested attention and personal cultivation.

It is my special duty to remind you of these things from time to time, but I aspire to be more than your preacher—I wish to be regarded as your personal friend, as one to whom you could feel you might go freely and confidentially for sympathy and advice in times of uncertainty and perplexity. So please remember that the "House in the Woods" is a place where you will be heartily welcomed at all times, and especially at such times when you may feel the need of a little friendly advice.

Cordially your friend,
WILLIAM P. STEVENSON.

BOOK III

Y. M. C. A.

and

Y. W. C. A.

Y. M. C. A.**Short History of the Association**

The Young Men's Christian Association, like all great organizations, had its origin in one man, Sir George Williams of London, England. He was a poor lad, who worked in a drapery establishment in the city of London, but who found time to speak a word for his Lord and Saviour, Jesus Christ. Feeling the deep need for daily prayer and spiritual uplift, he called together a number of his companions, and each morning they held a prayer meeting in an upper room of that establishment. Their group kept growing and soon they had quite a following. From this group grew what is today known as the foremost organization for the carrying of the Gospel of Jesus Christ to young men throughout the world, 'The Young Men's Christian Association. Ever since that date, 1844, this Association has continued to grow, until today it encircles the globe; bringing together young men and boys into a brotherhood that keeps alive the spirit of Christ.

The Student Young Men's Christian Association, of which we are a part, is one of the many branches of this great organization, and it works for the uplift and welfare of the young men in colleges throughout the world. Its membership runs into the thousands, and other associations are being formed every year. Most associations have secretaries to head up the work, but the students of the colleges are the chief promoters and workers in the associations. They are student organizations, and it is the duty and privilege of every student to back them in the best way possible.

Purpose

The purpose of the Young Men's Christian Association is to develop the threefold man; spirit, mind, and body. And in its work on College Hill these phases of its program are stressed.

Scope of Work

The Y. M. C. A. of Maryville is a live and active organization. It seeks to serve the students at the college in every way possible not limiting its activities to strictly religious matters. We realize that if we accomplish the great aim of the Y. M. C. A. "a clean mind in a sound body" that we will have progressed a long way on the road to religious salvation. The cabinet of the Y is made up of the most congenial and most representative of the Maryville students. They are always glad to oblige you in any way they can. Don't get the idea that the Y is a stagnant, lifeless, inactive, organization at Maryville, but a live, growing, healthy organization in whose activities you are urged to take part, enjoy and derive benefit from. Don't hesitate to call on the Secretary when there is something you want to know. If there is something you want done ask him to do it. He is glad and willing to help you. The "Y" is yours. Get in the habit of taking part in its activities and in coming to its meetings—you will never regret it.

Christ is walking life's shores again!
Christ is choosing his fishermen,

With nets far spread for their
hauling.

Christ looks in at the office door!
Christ is searching mill and store—

It's you! It's you, He's calling.

THE TEST OF A MAN

The test of a man is the fight he
 makes,
 The grit that he daily shows,
 The way he stands on his feet and
 takes
 Fate's numerous bumps and blows.
 A coward can smite when there's
 naught to fear.
 When nothing his progress bars,
 But it takes a man to stand up and
 cheer
 While some other fellow stars.
 It isn't the victory after all
 But the fight that a fellow makes.
 The man who, driven against the wall,
 Still stands erect and takes
 The blows of fate with his head held
 high
 Bleeding and bruised and pale,
 Is the man who'll win, in the by and
 by,
 For he isn't afraid to fail.
 It's the bumps you get and the jolts
 you get
 And the shocks that your courage
 stands
 The hours of sorrow and vain regret
 The prize that escapes your hands
 That test your mettle and prove your
 worth.
 It isn't the blows you deal,
 But the blows that you take on this
 good old earth
 That shows if your stuff is real.

—Unknown.

Y. W. C. A.

Activities

One of the strongest organizations on the Hill is the Young Women's Christian Association. It functions from the week end before school begins in the fall until the last day of school in the spring.

Before the freshmen arrive at Maryville plans are being made by the Y. W. C. A. for making their life more pleasant, and to help them to get acquainted with their new environment. For this the big sister movement is carried out, whereby every new girl has an old girl as her "big sister," who corresponds with her during the summer, meets her at the train, helps her to get settled, and is a big sister to her in every way possible. In this way new girls will feel that they have a friend as soon as they arrive.

Aside from this there are hikes, socials, and parties for the new girls given by the Y. W. C. A. all through the year.

Perhaps the biggest feature of Y. W. C. A. is the Sunday meetings. They begin the first Sunday afternoon and last all through the year. Programs are prepared which will give the girls opportunities for worship together and discussion of topics of interest.

Joint meetings with the Y. M. C. A. are held at various times during the year. There is always excellent co-operation between the two organizations and working together thus they are able to accomplish great things.

The Y. W. sponsors many activities among which are aiding the Y. M. in the Lyceum Programs, the May Day,

circus, Carols at Christmas and Easter, Nu Gamma Sigma, the orphanage and mission work. With all of these you cannot fail to realize the importance of the Y. W. C. A.

Nu Gamma Sigma

The Nu Gamma Sigma stands for New Girls Society and that is just what it is. All the new girls are divided into groups of ten with an old girl as leader. These groups meet once a week during the first few weeks of school. You see the purpose of Nu Gamma is to make the new girls acquainted with college life. You will find yourselves in a strange and new environment and naturally you will have problems and questions. In the meetings of these groups your problems will be discussed and a solution will be found.

You will form some beautiful friendships among the other new girls, as you hike together, chat together, and solve your problems. You will seem like sisters in one big family. The mother of the Nu Gamma Sigma is the Y. W. C. A., who is constantly planning new ways and means to make her daughters happy. This is the way we spell our name:

N-ewness in thought.

U-sefulness.

G-ood fellowship.

A-ction.

M-aternal love.

M-astery of problems.

A-ttractive ideas.

The Y. W. Reading Room

The Y. W. C. A. has set aside a room where the girls may go to read or rest at any time they choose to do so. It is yours; make the most of it.

TO THE WOMEN

What is it like at Maryville? What shall I take with me? These are just a few of the questions that are entering the minds of the prospective women students and it is to you that we are writing this message of what to bring and what to do.

To begin with, the dormitory rooms are furnished with a study table, two chairs, a dresser, a small table, and either a double decker or two single beds. These few things, plus curtains, dresser scarfs, pillows, bed spreads, blankets, sheets, pennants, pictures, and other similar necessities and novelties of your own bringing, will make up a very attractive room.

As for clothes, make most of them suitable for general school wear, because this kind of clothing is worn here more than any other style. However, you will want an evening dress for various social functions, and for the presentations, plays, Lyceum numbers, and recitals that are given in the Chapel throughout the year. Be sure to bring black bloomers for the required gymnasium classes, a swimming suit, and also a pair of knickers or riding breeches for hiking and other outdoor sports.

We have study hour every night but Saturday, and then, after literary society meetings, we have our feeds and other informalities, so don't forget to pack a few old dishes, spoons, knives, a can opener, and other utensils for domestic purposes.

There is a limit, naturally, upon the number of times that you may go to the show or to town, but as a rule

these regulations don't bother Maryville girls, for if you are athletic, you may swim or play tennis, or if you are more "serious-minded" there is the library of the Y. W. C. A. Reading Room at the extreme left end of Thaw Hall on second floor, where you may enjoy magazines, music, and comfortable davenport.

You may "moonshine" (that is, you may enjoy or endure, as the case may be, the company of the men) every day except Sunday from after dinner until 1:10 when the afternoon classes begin. As Monday is our holiday, the hours from 1:00 to 3:00 are reserved for moonshine privileges. To church on Sunday mornings, to ball games, snaps, social functions, you may be accompanied by an escort. Sunday traveling is deemed undesirable by the college authorities so plan to leave the Hill on Saturday and return on Monday when you spend the weekend off the Hill.

Maryville will be your college home for nine months, and we hope that you will find it a very happy and satisfactory one.

If ye win through an African jungle,
Unmentioned at home in the press,
Heed it not; no man seeth the piston,
But it driveth the ship none the less.

BOOK IV

ACTIVITIES

ACTIVITIES

Extra-curricular activities, it must be admitted, are as a rule either over-stressed or under-stressed. There seems to be no way of eliminating this difficulty, except within the student himself. First we find a student who has never gotten "on the Boat," who hardly knows a soul on the campus, pores over books from morning till night, and seldom thinks in terms outside his studies. Then we run across one who does practically no studying at all, but can say he knows three-fourths of the people on the campus, is an athlete, or is a singer, actor, or whatnot, of note.

The trouble of the first type is that at the end of his college career he finds himself at sea without a ship. Usually he doesn't know what to do with his book knowledge. The second comes to nearly the same end, if he finishes his college at all. Too often he flunks out.

The ideal arrangement then, in activities and studies, as in practically everything else, is to find the eternally expounded "happy medium."

How to find this ideal is a problem. The big trouble is that many students become so engrossed in their activities that they find studies merely a dull drag. It is up to the student to work out his own salvation in this respect. Just remember this—**THAT ONE CAN'T DO EVERYTHING.**

Of course, we are not trying to dissuade anyone from partaking of activities at all. No indeed. We believe

in them. We feel that in order to obtain a really rounded college career it is necessary to do many things besides merely studying. But we also feel, having seen many instances on both sides of the fence, that a student must curb his fervor for activities, just as he must curb his appetite for too strong doses of books.

So let us say, as a parting word, that it should be the aim of every student to do what is justice in his own mind to his studies, and then find some activity which interests him, and in which he can enlarge his scope of acquaintances. In this handbook the new student will find an outline of practically every activity on the campus, and if he is interested, all he needs to do is to look up the manager, coach, president, or director of that activity he likes to find out more about. All of them will be glad to help him get started in an activity.

THE EDITOR.

OPENING SOCIAL EVENTS

The social life at Maryville is well provided for and no matter what your disposition is, there are occasions you will like. These opening entertainments will carry you over the time of newness and afford opportunity for getting acquainted with your fellow students and to get the first glimpse of the true Maryville spirit.

The Y. W. C. A. gives her reception in the Alumni Gymnasium on the first Saturday night you spend at Maryville. This past year we had a Gypsy party with a campfire, fortune tellers and other gypsy entertainments. This year we are going to have—????!! Better come and find out.

The Y. M. C. A. entertains the new men at the same time on Saturday night with a well-planned, varied program which furnishes plenty of thrills. The reception is held out in the woods, in the dark of the moon, and light is supplied from the old stump which is sacrificed for the occasion. Don't forget: your first Saturday night at 8:00 P. M.

In the afternoon on Saturday the Faculty of the College holds a reception to greet the newcomers and to renew acquaintances with old students. Take this opportunity to become acquainted with the faculty who are your friends as well as your instructors.

The literary societies hold their opening social entertainments soon after school opens. Each women's literary society holds an individual rush week and all new girls are cordially invited to attend these special programs. Bainonian will be the first society to entertain this year, and Theta Epsilon will entertain the following week. The men's societies, Athenian and Alpha Sigma usually hold their receptions in their respective halls where the new men are introduced to a society program and a society "feed."

Other Social Activities

Snap is an institution on the Hill—it is the favorite outdoor sport, and indoor sport as well. When you hear the announcement made in chapel or in the dining room that "there will be a snap tonight on Baldwin lawn"—prepare to go.

How do you play it? We have played it for many years, but it is so

simple and yet so intricate that we are not able to explain it. It will come natural to you though. Snap furnishes plenty of exercise and yet sufficient opportunities for a quiet chat with one whom you have snapped.

Moonshining is the Maryville way of saying dating and it is this social activity which is desired by many who take full advantage of the time allowed for this activity. You are permitted to moonshine from 12:40 to 1:10 every noon, from 1:00 to 3:00 on Monday afternoon, and to church, Vespers, games, chapel performances, and any college function.

Two of the most enjoyable social events of the year are the fall and the spring mountain hikes. Trains are chartered for the trips and a whole day is devoted to mountain climbing in the beautiful Smokies just a few miles from Maryville.

Joint Activities of Y. M. C. A. and Y. W. C. A. Lyceum

Each year as a part of the varied activities sponsored by the Y's, a program of four lyceum numbers is presented in the chapel. These numbers are chosen from the Redpath Chautauqua and the Bureau of Fine Arts, and are very entertaining and well received by the students. The cost is included in your student's activity fee paid with your semester bills so that you can enjoy all four numbers without having to worry about the admission.

Fred Hope Fund

Every spring we have a "Fred Hope Drive" for the purpose of supporting

the work of Fred Hope, a former graduate of Maryville, who is in charge of a mission school in Africa. Every year the student body and faculty make voluntary contributions of one thousand dollars or over for this worthy cause.

Blue Ridge

Each summer, after commencement, representatives from the college go to Blue Ridge, North Carolina, to attend the conference of all the southern college Y. M. C. A.'s and Y. W. C. A.'s. At this conference the time is spent in listening to worthwhile addresses given by prominent leaders in America and from foreign countries, studying religious and social problems of the day, and enjoying the recreation afforded by the conference accommodations.

Blue Ridge is located in one of the most beautiful parts of the Blue Ridge mountains, sixteen miles east of Asheville, and has the finest conference grounds in the South. Next year we want a large delegation to represent Maryville and perhaps there will be an opportunity for you to go.

Circus

The annual Y. W.-Y. M. Circus is held each spring at which time regular circus acts, side-shows, and other necessities of a true circus are displayed. A loving cup is given to the society presenting the best side-show; it was won by the Bainonian Literary society last year.

Sunday Meetings

Joint devotional meetings are held at intervals throughout the year and interesting programs are presented by members of both organizations.

PUBLICATIONS**The Chilhowean**

Have you seen last year's Chilhowean—the college annual? You will enjoy looking it over. It is a summary of the year's events at Maryville, and is published by the Junior Class. The price is \$4.00, and it would be well for you to include it in the check you make out when you pay your semester bills. It is a book which you will want to have to recall to your memory more vividly the friends and events of your college days. Homer McCann is editor and Allen Foreman is business manager of the 1931 edition of the Chilhowean.

The Highland Echo

The Highland Echo is the weekly publication of Maryville College. It is a four-page six-column paper to which each student subscribes when he pays his bills. The Echo is conducted after the fashion of larger newspapers, carrying athletic reports, editorials, news items, and other articles of interest to the students. Through this publication the students are enabled to keep in touch with all the activities of the Hill. The editor-in-chief for the coming year is HESSIE KEETON, and the business manager is KEMP DAVIS.

The Maryville Handbook

The Handbook, commonly known as the "M" Book, is the publication you have before you. It is issued by the Y. M. C. A. and Y. W. C. A. and aims to be a small encyclopedia of information on the college life. The editor this year is Homer McCann; associate editor, Julia Terry; business manager, Robert West.

STUDENT ORGANIZATIONS

Student Council

The Student Council is organized for the purpose of furnishing a representative body of students, who, by virtue of their position and influence in student affairs, shall be able to express the sentiment of the student body. They cooperate with the Faculty in maintaining Maryville College ideals and strive to put into execution such proposals which shall be for the best welfare of the school.

The Council is composed of eight seniors, six juniors, four sophomores, and four freshmen. Any student may confer with his representative and present any matter which he thinks would be for the advancement of the student body.

The Student Council is not student government, but it seeks to summarize student opinion and to work with the Faculty in promoting desirable measures and prevent actions which are detrimental to the college.

LITERARY SOCIETIES**Bainonian**

The Bainonian Literary Society is the oldest literary organization for women on the Hill. It was organized in 1875, and ever since that time it has been an important factor in the student life. The society provides for the development of the talents of every girl and tries to make her feel that the society is her own. Programs are given every Saturday in Bainonian Hall on the second floor of Pearsons. Twice a year a joint meeting is held with our brother society, the Athenian. Bainonian stands for social as well as for literary development. It aids in the forming of friendships, and many good times are enjoyed by all who will take advantage of what she offers. Bainonian won two loving cups last year; one for the best mid-winter, and the other for the best stunt at the Y. M.-Y. W. Circus. We extend a hearty welcome to all new girls, and a wish that you may soon learn to love Bainonian as we do.

Athenian

The Athenian Literary Society was organized in 1869 and is the oldest literary organization on College Hill. Its present membership enrolls a large proportion of the men of the college, men who are known for their loyalty to and enthusiasm for their society. The ideal of Athenian is to give her members such training as will enable them to secure the very best development during their college days; to promote a college spirit and

a love for Maryville. To accomplish this high ideal she provides weekly programs of an interesting, instructive, and varied nature that are full of life, pep, and college spirit. The meetings are held in Athenian Hall on the third floor of Anderson. We extend to you men a cordial invitation to attend the opening meeting at the beginning of the year, and also a hearty invitation to become members of the organization.

Theta Epsilon

Theta Epsilon is the other girls' literary society and through it is developed a comradeship which is of great value to the Thetas on the hill. Each Saturday night meetings are held in the society hall on the second floor of Pearsons Hall, and the programs are very entertaining and enjoyable. Joint meetings are held twice a year with Alpha Sigma, the brother society, at which time the get-together is enjoyed by all present. Every year Theta presents a play, and all Thetas work loyally for its success. New girls, Theta will help you and you will help Theta, so we extend to you a welcome to come and join our ranks and help us to do big things for the year. We are eagerly waiting to meet you.

Alpha Sigma

Alpha Sigma was organized in 1882 and is a strong organization on the Hill. It is not the aim of the society to secure as many members as possible, but instead to secure only those who are capable of upholding the

standards set by our predecessors. Meetings are held every Saturday night in the society hall on third floor of Anderson, and programs composed of solos, debates, quartets, and other entertaining numbers are given at this time. One play is given during the year. To all new students we extend a hearty welcome to attend our opening meeting and see for yourselves just what we are.

MUSICAL ORGANIZATIONS

Glee Singers

The Maryville Glee Singers is a musical organization composed of eighteen to twenty men who have the best voices in the college. The Singers enjoyed a successful season last year, giving concerts in East Tennessee, and two home concerts. Porter French is the president of the Glee Singers for the coming year and Edwin Shelley is business manager.

Women's Glee Club

One of the most sought-after positions among the women of the college is membership in the Women's Glee Club. Tryouts are held in the fall for places in the club, which consists of eighteen selected and well-trained voices. The club is directed by Miss Frances Henry, the voice instructor. A most successful operetta was presented last spring and the ability and talent of the club was demonstrated to all who attended the concert. Don't fail to try out for a position when the announcement is made in the fall.

Vesper Choir

The Vesper Choir is composed of forty of the best voices in the College, both men and women. The choir sings every Sunday night at the Vesper service, and gives special programs throughout the year. Miss Frances Henry is the director.

Orchestra

The Maryville College orchestra was composed of twenty-four members last year and is under the direction of Miss Mildred Butcher. The purpose of the orchestra is to serve the individual student and the college in general.

Concerts are given throughout the year and are appreciated by lovers of good music. Any student who can play sufficiently well is eligible to become a member.

Band

The band is composed of the men of the college who can play band instruments, and is under the direction of Miss Mildred Butcher. This organization furnishes music for games, and pep meetings. If you have been in your high school band or can play any kind of band instrument, Maryville will be glad to have you try out for her band.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the distinction of having the Tennessee Alpha chapter of

the National Honorary Forensic Fraternity, Pi Kappa Delta. This organization proves a great inspiration for those interested in any phase of forensics and membership in it is a coveted honor. At the national Pi Kappa Delta convention which was held in Wichita, Kansas, during April, Maryville was represented by Coach Verton Queener, Forrest Robertson, and William Graham. The latter two men entered the debate contest as well as the oratorical and extemporaneous contests, and displayed creditably the training they received at Maryville.

Theta Alpha Phi

The Tennessee Delta chapter of the national honorary dramatic fraternity, Theta Alpha Phi, is located at Maryville, and is composed of the talented students in dramatics. After a student has met the rigid requirements for membership he is initiated into the fraternity, and becomes a permanent member. Four new members were taken in this year.

Sigma Delta Psi

The Maryville chapter of Sigma Delta Psi, the national athletic fraternity, has been established the past year. Membership is open to all male students of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Such membership is earned through meeting the standard requirements of the various athletic tests in the presence of a responsible committee. The Maryville committee is composed of Dr. J. H. McMurray, Coach Honaker, Coach Thrower, Professor Howell, and Pro-

fessor Smith. John Taggart is the first Maryville man to wear the key of the fraternity.

According to the constitution of Sigma Delta Psi, the object of the society shall be the encouragement of the moral, physical, and mental development and training among college students.

ACADEMIC SOCIETIES

Writers' Workshop

The Writers' Workshop is composed of various faculty members, juniors, and seniors who are elected to membership on the basis of literary ability. Each member submits two papers a year for criticism both adverse and constructive. Meetings are held every Wednesday in the Y. W. Reading Room. All the work is filed in the library and can be read by anyone who desires to do so.

Lambda Tau Psi

Lambda Tau Psi, the psychology club, is composed of about twenty members who are interested in the study of psychology in its various forms and its effects on society. Meetings are held once a week and interesting discussions and research are carried on.

Chemistry Club

The chemistry club is composed of students who are taking more than one year of college chemistry. Papers and lectures are given on the chemical problems of the day by the students and professors of the department.

Pre-Medical Club

The pre-medical club is organized for students who are preparing themselves to practice medicine for the purpose of better understanding the problems and interests of the medical profession. About twenty-five students belong to the organization.

Language Clubs

A French Club and a Spanish Club are organized for those students who are interested in learning more of these languages. Meetings are held twice a month at which time only French or Spanish is spoken throughout the meeting. Plays are given and interesting programs are held throughout the year.

Law Club

Say, fellows, are you interested in law? Well, then, come around to our meetings. The purpose of the Law Club is to help its members to familiarize themselves with the features of their contemplated life work and to develop high moral standards in connection with their profession. The programs consist, for the most part, of mock trials, parliamentary drill and lectures on various phases of law.

Ministerial Association

Greetings to all students. This association is composed of all men who are expecting to choose for their life work the Gospel Ministry. Its programs are made up of only that which is of the highest religious and literary value. Opportunities for personal work, either in the mission, jail, or in the rural district churches are numer-

ous. The association invites all who expect to enter the ministry to join hands in a better understanding of the Gospel.

Student Volunteer Band

The college has, from its earliest history been identified with foreign missions and has sent out one hundred and ten missionaries into seventeen foreign countries. Since 1894, the students have maintained a Student Volunteer Band composed of those who are pledged to enter some foreign field, if the way be open. The Band meets every Monday at 4:45 in the Y. W. Auditorium to study missionary fields and conditions.

Art Club

The Art club is composed of about fifteen members of the college who are talented in different phases of art. Work is carried on throughout the year, and during the week of Commencement an exhibit of the work accomplished during that year is held in Anderson Hall.

Home Economics Club

The Home Economics Club is composed of the girls who are majoring in Home Economics. Meetings are held each week and many interesting projects are carried on during the year.

State Clubs

We have thirty-six different states represented at Maryville, so naturally the students from the "home state" should group together and form state clubs. The primary purpose of these clubs is the furthering of good spirit

and friendship of those who are from the same section of the United States. Outside the State of Tennessee, North Carolina has the most representatives, fifty-three; with Ohio and Kentucky tying for second place, each having thirty-seven members. Be sure to join your state club.

Hi-Trail Club

The Hi-Trail Club was organized for the purpose of developing physical strength, and increasing the knowledge and love for nature in its primitive as well as civilized state. The membership in this club is limited to twelve men. To become a member of the club one must have had at least one hundred miles of hiking experience and must present a paper giving an account of such experiences, and then must be unanimously elected by the members.

You are an integral part of Maryville.
Don't be the weakest link in the already strong chain.

On the strength of one link in the cable
Dependeth the might of the chain;
Who knows when thou mayest be
tested?

So live that thou bearest the strain.

BOOK V

ATHLETICS

ATHLETICS

Maryville is represented by teams in every major college sport, and ranks with the leaders in this section of the country. The administrative control of athletics is centered in the Athletic Association.

With L. S. Honaker and "Bob" Thrower as coaches of Maryville athletics, and hard fighting teams composed of loyal men, it is no wonder that the Athletic Association has made such a stride forward during the last two years. A new day has dawned for Maryville in athletics because she has two live coaches, plenty of good material, added equipment, and a splendid field.

Football

Football at Maryville is an institution. Its purpose is not only to win games but to make men—winning men. Maryville has the reputation of having one of the best conditioned teams in this section and the past football season was a success from the standpoint of games won and lost as well as from that of training men successfully.

This fall we have a fairly heavy schedule, playing the University of Tennessee, the University of Kentucky, Carson-Newman, Milligan, Mars Hill, Howard, Emory-Henry, Lenoir-Rhyne, and Tennessee Wesleyan. But with the promising material from last year the prospects are bright for another winning team of Orange and Garnet men.

Students, keep behind Maryville teams, because they are doing their best for Maryville.

1930-1931 FOOTBALL SCHEDULE

OPPONENT	DATE	PLACE	SCORE	
			WE	THEY
Mars Hill	Sept. 19th	Here		
Tennessee	Sept. 27th	Knoxville		
Tenn.-Wesleyan	Oct. 3rd	Home		
Kentucky	Oct. 11th	Lexington		
Emory-Henry	Oct. 17th	Home		
Howard	Oct. 24th	Birmingham		
Carson-Newman	Nov. 1st	Jeff. City		
Milligan	Nov. 7th	Home		
Lenoir-Rhyne	Nov. 14th	Home		

Basketball

Basketball at Maryville, as at other Southern colleges, is the leading winter sport. The season begins early in December and lasts until about the middle of March. During the past season Maryville won games from the best teams of the entire section. And with a number of letter men back for next year, around whom Coach Honaker will build his team, Maryville is expected to have one of the best teams in the history of the college.

Baseball

Maryville perhaps excels more in baseball than in any other sport. Although she does not encourage professional ball, yet there are some ten or twelve former Maryville baseball players who are making a mark for themselves in the major leagues. Among these are such men as John Stone and "Speedy" Ruble, of the Detroit Tigers.

Freshmen, if you can play baseball come out and prove what you can do.

Track

Track and field sports are just beginning to take their rightful place in Southern College Athletics and at Maryville there is a very noticeable incline in interest for this branch of sport. There is always a large group of cinder path artists who aspire to Maryville's winged honors and last season (this spring) a large number were awarded the winged "M." Track is really coming into its own at Maryville so just watch us show our heels to 'em next spring. If any of you fellows are good track men or think you are, look up Coach "Bob" Thrower.

Tennis

Tennis is growing rapidly in popularity at Maryville. The past season we had on our schedule such teams as the University of Tennessee, the University of Chattanooga, Georgetown, Tusculum, Centre, Catawba, and Tennessee-Wesleyan. In this sport, as in others, we are producing winning teams. The prospects look good for the coming season.

"Y" Athletics

"Every man in some phase of the 'Y' athletic program," is the wish of the Y. M. C. A. And it is possible, for the "Y" athletic program covers every phase of sport. In the fall, the annual cross-country races and interclass football; in the spring, interclass baseball, interclass track meets, basketball, swimming, wrestling, boxing, tennis, and horseshoe tournaments.

The gymnasium is equipped with mats, horses, parallel bars and other gymnastic apparatus.

The swimming pool, located next to the Y building was built at a cost of \$10,000 and occupies a building 58 by 110 feet long, 25 by 75 feet being the dimensions of the pool itself which is open the entire year.

The Y. M. C. A. interclass track meet held in the spring is a feature of the entire athletic program. Bronze and gold medals are given to the winners in each event.

Get into some form of athletics and keep yourself physically fit. You will derive a great deal of pleasure from your athletic competition.

CONSTITUTION OF MARYVILLE COLLEGE ATHLETIC ASSOCIATION

ARTICLE VII

1. The following students shall be permitted to wear the Maryville "M":

a. Members of the varsity football team who have played fifteen quarters.

b. Members of the varsity baseball team who have played as much as

five innings per game in one-half of the scheduled games; or, a baseball

pitcher who has pitched forty-five innings in scheduled games.

c. Members of the varsity basketball team who have played one-half a game in

each of the scheduled games.

d. Members of the varsity track team winning first place in a dual meet, or in any

other meet where three or more colleges are competing.

e. Members of the varsity tennis team playing in one-half the tournaments of the year.

2. The football "M" shall be an eight-inch block "M," the basketball

"M" a six-inch block "M"; the girls' basketball "M" a five-inch block "M"

with wings attached, the tennis "M" shall be a script "M"; a standard four-

inch block "M" shall be awarded to point winners in the minor sports.

3. All members of the second football, baseball, or basketball teams may wear the Maryville Monogram.

4. No other students shall wear either the "M" or Maryville Monogram.

Any letter or monogram won by a student at another school must not be worn while the student is enrolled at Maryville.

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with the point system has been adopted. This gives every girl an equal chance to participate in every sport and a chance to win the coveted monogram, the small letter or the large letter and sweater.

The honors are awarded as follows: 300 points, Maryville Monogram M. C.; 400 points, small letter M; 500 points, letter and sweater.

Points shall be earned as follows:

A. Teams. 50 points each team.

Class teams—

1. Basketball 6 players team
2. Soccer 11 players team
3. Volleyball 9 players team
4. Baseball 9 players team
5. Tennis 6 players team

Squad of any team sport 20 points.

Manager of any team sport 15 points.

Captain of any team sport, 10 points.

Coach squad (basketball) 15 points.

Perfect attendance 10 points.

B. Tests.

1. Swimming: Limit 50.
2. Stunts: Limit 25.
3. Archery: Limit 50.
4. Track: Limit 50.
5. Hiking: Limit 50.

C. Scholarship.

1. An "A" average in academic work for any semester 20% of points won in addition.
2. A "B" average adds 10% of points won.

D. Health.

1. Observing health rules for one semester, 25 points. Two semesters, 50 points.

The only way you can get the door
of Opportunity open is to Push, not
Knock.

A PRAYER FOR THE CAMPUS

O Thou whose feet have climbed life's
hill,
And trod the path of youth,
Our Savior and our Brother still,
Now lead us into truth.

The call is Thine; be Thou the Way,
And give us men, to guide;
Let wisdom broaden with the day,
Let human faith abide.

Who learn of Thee the truth shall find,
Who follow, gain the goal;
With reverence crown the earnest mind,
And speak within the soul.

Awake the purpose high which strives,
And, falling, stands again;
Confirm the will of eager lives
To quit themselves like men:

Thy life the bond of fellowship,
Thy love the law that rules,
Thy Name, proclaimed by every lip,
The Master of our schools.

Rev. Louis F. Benson, 1894.

BOOK VI

SONGS

YELLS

SCHEDULES

SONGS

Alma Mater

Where Chilhowee's lofty mountains,
Pierce the southern blue,
Proudly stands our Alma Mater,
Noble grand, and true.

Chorus:

Orange, garnet, float forever,
Ensign of our hill!
Hail to thee, our Alma Mater!
Hail to Maryville.

As thy hilltop crowned with cedars
Ever green appears;
So thy memory fresh shall linger
Through life's smiles and tears.

Chorus:

Lift the chorus, wake the echoes,
Make the welkin ring!
Hail the queen of all the highlands!
Loud her praises sing.

Chorus

Don't forget to stand with uncovered
head while the Alma Mater is being
sung.

Dear Old Maryville**I**

Near Chilhowee's mountain blue,
Stands our Alma Mater true.
Dear old Maryville, to thee we lift our
song.
'Neath thy cedar grove so fair,
We shall breathe the mountain air,
While with merry hearts the chorus
we prolong.

Chorus

Sing we a song of our dear college
home,
Fondly we love thee still,
And where ever we may be,
Fond Mem'ry turns to thee,
Our Alma Mater, dear old Maryville.

II

As the morning sunbeams' light,
Greets over Chilhowee's height,
So our tribute, we as freely to thee
bring.
Youth's free homage full and free,
We thus gladly render thee.
Dear old Maryville, thy praise we
freely sing.

III

To thee, guardian of our youth,
Faithful guide to light and truth,
We, thy children, bring our songs of
grateful praise.
And when we shall leave thy hill,
We shall ne'er forget thee still,
Dear old Maryville, the scene of hap-
py days.

THE PEP SONG

We've got the rep, rep, rep, of old
Maryville,
We've got the pep, pep, pep, of old
College Hill,
We've got the strength to knock 'em
stiff
And never know the diff
For we're from Maryville, Tennessee.
Rah! Rah!

On Maryville

On, Oh, Maryville
On, Oh, Maryville
Plunge right thru that line
Run the ball clear round old—————
A touchdown sure this time
Raw, Raw, Raw!
On, Oh, Maryville
On, Oh, Maryville
Fighting for fame
Fight, fellows, fight
And we'll win this game.

YELLS

RESPONSIBILITY

Opportunity brings Responsibility. No one may lightly set aside either without loss of character and courage. Success comes only to those who boldly meet Responsibility and carry it bravely through.

What will Maryville College young men and women students do with the responsibilities which a College training automatically places upon them? The answer is found in the future.

The Moody Bible Institute of Chicago

REV. JAMES M. GRAY, D. D., LL. D., President

Founded by the Great Evangelist and Christian Educator, D. L. Moody, in 1886.

TRAINING FREE—Educational Department

The object of the Institute is expressed in the service rendered by its students in all parts of the world, who are pastors, evangelists, missionaries, teachers, directors of religious education, gospel singers, Y. M. C. A. and Y. W. C. A. secretaries, rescue mission superintendents, deaconesses and workers in Sunday Schools and Boys' and Girls' Clubs.

This is divided into a *Day School*, *Evening School*, and *Correspondence School*. The General Course of the Day School is covered in two years. Its enrollment last year was 1,038. Six other courses are Missionary, Pastors, Music, Christian Education, Jewish Missions, and Swedish-English. Advanced work is taken in these courses covering longer periods of time.

The Evening School permits students to take work equivalent to the Day School, making them eligible to the same diploma, though it necessarily covers a longer period of time. A shorter course is possible, however, leading to a certificate. The enrollment last year was 1,216.

The Correspondence School is for those who cannot attend the Institute in person. Fourteen courses are offered in different methods of Bible Study, Practical Christian work, Evangelism, Christian Evidences, etc. For these a limited fee is charged. The enrollment last year was 12,647.

Catalog of the Day and Evening Schools, and Prospectus of the Correspondence School mailed free. **ADDRESS**
